

## **REGIONAL SCHOOL UNIT NO. 18**

**File: IL**

### **EVALUATION OF INSTRUCTIONAL PROGRAMS**

The evaluation of the instructional program shall be a major responsibility of the Superintendent and his/her staff with periodic reports being presented to the School Board to enable judgments to be made regarding the success of the program. No instructional program should be considered as the final answer, and all school programs shall be under continuous study by the staff. The evaluation of the instructional program shall be done with great care and the School Board kept informed at all times.

Moreover, the Superintendent is expected to lead the staff, community and School Board in the development and on-going review of School Board-adopted criteria and standards by which to measure the results of the instructional program.
