**PERMISSION TO BRING PET/ANIMAL TO SCHOOL**

Regional School Unit No. 18 understands the closeness one feels to their pets and that we all believe that our pets would harm no one. However, animals can behave in unpredictable ways, even with their owners present. In addition, many people have allergies to animals and fear them. Therefore, it is the practice of Regional School Unit No. 18 that animals not normally be at school, unless there is a valid educational reason to do so and you have written permission from your supervisor.
