

CURRICULUM ADOPTION

A dynamic instructional program may require alteration in the curriculum and courses of study from time to time.

It is the policy of the Board that no basic course of study shall be eliminated or new courses added without approval of the Board, nor shall any substantial alteration or reduction of a course of study be made without such approval.

New programs and courses of study shall not be acted upon by the Board until their presentation by the administration and after the Board members have had an opportunity to review the proposed program.
