

CLASS HONORS

Messalonskee High School honors senior students for their academic accomplishments during their school career. The top student is designated as valedictorian, the second student is designated as salutatorian.

Designation for class honors is based on the class rankings and grade point averages (GPA) at the conclusion of the senior year. Grade point averages are computed to the thousandth of a point to determine class ranking. In instances where more than one student holds the top numerical ranking, students are declared co- valedictorians.

To be eligible for class honors, a student must be enrolled at Messalonskee High School for two (2) full years.

Date of Adoption: February 16, 1995
