

## Parent Pick Up Guidelines

In the interest of trying to provide a safe environment for your children, we would appreciate your cooperation in making pick up of students as quick and efficient as possible.

1. Please enter the first driveway entrance on the back side of the building and proceed as far ahead as possible.
2. When students are dismissed, we will load four to five cars at a time. After a car is loaded, we will ask you to move ahead, and we will continue to load students as quickly as possible.
3. Students are not allowed to walk down the sidewalk and load in the parking lot as there is not enough supervision to keep your child safe.
4. Please do not pass other cars as we have had near accidents from people not anticipating a car on their left.
5. Speeding through the parking lot is not acceptable.
6. If you anticipate that your child is not going to be coming out of the building by the time you pull up, please park in the parking lot and go into the office where your child will be dismissed.
7. If your child has not been picked up by 3:00, they will be sent to the cafeteria and you may pick them up out front.
8. When everyone is cooperating, we usually have all students loaded within 15 minutes.

**Thanks so much for your help in keeping our students safe!**
